# Monash Playground & Playspace Strategy Refresh 2023

## Consultation Report

### Overview of Consultation

The community consultation and engagement program for the Monash Playground & Playspace Strategy Refresh ran from 25 May 2023 to 27 August 2023.

During the consultation period, there were 83 contributors to the Shape Monash page, 8 written and 12 MYzone middle year participant submissions/drawings received.

### Summary of Engagement Methodology

1. Shape Monash on-line consultation – 83 contributors via [Playground Strategy Refresh | Shape Monash](#)
2. Direct Email – to existing community networks including Monash sporting clubs, neighbourhood houses, playgroups and advisory committee members were directly emailed and encouraged to complete the on-line survey.
3. Project page subscription registration – for regular project updates.
4. Monash Bulletin July 2023 & August 2023 – articles in the Monash Bulletin distributed to every household in Monash translated into Chinese, Greek and Italian (refer pages 3 & 4)
5. Written Submissions – 7 written submissions received via Shape Monash and 1 written submission via Facebook (total of 8 written submissions).
6. MYzone Middle Years Group – drawings and/or written feedback from 12 MYzone participants (Monash Youth Services) on their ‘perfect playground.’
7. Youth Services Program Participants - distributed information to parents and other younger participants at youth services programs.
8. Social Media post on 23 August 2023 - 1418 accounts reached, 147 engagements from people who liked, commented, shared, clicked through to our Facebook page or just opened the photo for a more detailed look. Refer page 5 or link to Facebook post at:  
<https://www.facebook.com/cityofmonash/posts/pfbid0DaxHq9eQAPVKAP3iUbZthsovP9CcDRky34kNuQopDREL1iFdLTBjd383kt7f4SMnI>
9. Playspace Strategy Refresh Poster - posted on public noticeboards in Monash libraries, customer service centres and aquatic centres (refer page 6).
10. General feedback received from local residents in relation to individual playground upgrade projects at on-site meetings and/or on-line design consultations.

# Playspaces in Monash

Every year we upgrade playspaces in Monash, so our youngest residents have engaging outdoor places that support their development and capacity for play. We want to hear your ideas on what we can include in several playspace upgrades to make them exciting and fun for the local community.

We're opening consultation for district playspaces at Mulgrave Reserve (Wheelers Hill) and Princes Highway Reserve (Oakleigh East), local playspaces at Orchard Street Reserve (Glen Waverley) and Argyle Reserve (Hughesdale), as well as a new planned pocket playspace at a reserve on Westbrook Street (Chadstone).

To contribute your thoughts on these playspace upgrades, visit our Shape Monash playspace web page.

We are also seeking your ideas for a refresh of our Playground and Playspace Strategy, which will guide the ongoing provision and management of playgrounds and playspaces in Monash. Your feedback will help us shape a 10-year playspace upgrade program, commencing in 2025/26.

**Consultation on the Playground Strategy refresh closes 27 August 2023.**

# MONASH SENSORY

playspace wins  
State award

**N**otting Hill's Westerfield Drive Sensory Playspace has taken top honours at the Parks and Leisure Australia 2023 Regional Awards of Excellence (Vic/Tas), winning the Playspace Award for playspaces under \$500,000.

Upgraded in 2022, with support from the Victorian Government, this unique, inclusive playspace features innovative play elements – such as an 8-key Marimba, sound bouncers and sensory trails – designed to help children develop their sensory skills. As part of the development, Council worked with Notting Hill Neighbourhood House to free up 500m<sup>2</sup> of public open space to increase the size of the playspace.

The upgrade to Westerfield Drive Playspace was identified as part of the Monash Playground and Playspace Strategy 2020. We're currently refreshing this strategy, to develop a 10-year playspace upgrade program commencing 2025/26, and want to hear your feedback.

You can share your ideas on  
Shape Monash until 27 August 2023:  
[shape.monash.vic.gov.au](https://shape.monash.vic.gov.au)

## Social Media Post, August 2023

City of Monash

23 August at 09:59 · 🌐

Did you know we have more than 130 playspaces located in parks and reserves across Monash?

To maintain and upgrade them, we need a strong strategy that considers the current and future needs of the community. That's why we're inviting you to give us feedback for our Playground and Playspace Strategy refresh.

Tell us how you're using these vital outdoor spaces by completing a quick survey. Get the whole family involved and even upload a drawing.

Feedback closes this week, Sunday 27 August.

# HELP SHAPE THE VISION FOR MONASH PLAYGROUNDS

We are refreshing the Monash Council Playground and Playspace Strategy and want to hear from the people who use them the most.

What do you enjoy most about your local playground? What are the play needs of you and your family, both now and into the future? We especially welcome the views of children and young people.

## Written Submissions, Children's Drawings & Feedback

Contribution ID	Date Submitted	<b>On-line Submission via Shape Monash</b> <i>Please provide your thoughts on the current Playground Strategy and what you would like to see in the refreshed version?</i>
16756 #1	Aug 25, 2023, 07:24 AM	<p>Dear Monash Council Recreation Team,</p> <p>I submit this proposal in responding to a council call "HELP SHAPE THE VISION FOR MONASH PLAYGROUNDS." "We are refreshing the Monash Council Playground and Playspace Strategy and want to hear from the people who use them the most."</p> <p><b>Proposal of converting CCC outdoor gym site into a children's playground</b></p> <p>The proposal is to convert the existing outdoor gym site into a children's playground. The outdoor gym site is located at Clayton Community Centre (CCC) as shown in the photograph below.</p>  <p>The rationale of the above CCC playgrounds proposal are listed below:</p> <ol style="list-style-type: none"> <li>1. No adjacent playgrounds attached to Clayton Community Centre</li> <li>2. The existing outdoor gym ground attached to the Clayton Community Centre building complex is underutilized, as the facility hasn't been active for more than a decade as far as we know.</li> </ol>

		<p>3. Clayton Community Centre has rich indoor children's services such as Maternal Child Health (MCH) services, Public Library services, playgroups, kindergarten, and Link Health and Community. However, there is not a single children's facility outside Clayton Community Centre. After attending children services in CCC building complex, children have nowhere to go and spend time outside the building complex, i.e. Indoor service rich and outdoor service poor.</p> <p>4. Other community centres all have children's playgrounds attached to the building complex, with examples include:</p> <p>(1) Noble Park Community Centre has a superb playgrounds attached to it.  Ross Reserve All Abilities Play Space in Noble Park as preferred excursion destination.  <a href="https://www.melbourneplaygrounds.com.au/ross-reserve-playground-memorial-drive-noble-park">https://www.melbourneplaygrounds.com.au/ross-reserve-playground-memorial-drive-noble-park</a></p> <p>(2) Rowville Community Centre has a newly developed playgrounds located on its adjacent premises.  <a href="#">Rowville Adventure Playground, Fulham Rd, Rowville</a></p> <p>(3) Mulgrave Neighbourhood House has a well-established playground just outside the building.  Wellington Reserve Playground Mackie Road Mulgrave  <a href="https://www.melbourneplaygrounds.com.au/wellington-reserve-playground-mackie-road-mulgrave">https://www.melbourneplaygrounds.com.au/wellington-reserve-playground-mackie-road-mulgrave</a></p> <p>(4) The recently opened Monash Pinewood Child and Family Hub has a brand new playground built next to the Hub.  <a href="https://www.monash.vic.gov.au/Community/Children-Family/Pinewood-Child-and-Family-Hub">https://www.monash.vic.gov.au/Community/Children-Family/Pinewood-Child-and-Family-Hub</a></p> <p>In contrast, there is no playground facility at Clayton Community Centre premise. It is obvious that there is COMMUNITY FACILITY SERVICE GAP in Clayton CBD because outdoor children's services are lacking in this area in Clayton.</p> <p>The gym site outside CCC hasn't been actively in use probably since it was built 20+ years ago. The playgroup coordinator has been working at Clayton Community Centre every week for more than 13 years. I have hardly seen people using this outdoor gym. It is fair to say that this community space is under-utilized. Please refer to the attached gym site photos.</p> <div data-bbox="667 1029 2007 1383">  </div>
--	--	--

		<p>The costs of converting the gym site into a playground is minimum by just adding a swing and slide to the site. The existing fence can be kept as it is. A self-lock door needs to be installed to ensure children's safety at the site. Clayton Community Centre is a key community congregation point located in a busy Clayton CBD precinct. Every inch of space needs to be fully utilized but not under-utilized or even unused. Converting this under-used outdoor gym into a popular children's playground will be a game changer transforming a real hot spot for children and families and it will further improve the popularity of Clayton Community Centre services.</p> <p><b>Expected Outcomes</b></p> <ul style="list-style-type: none"> <li>• Outdoor playground will provide opportunities for children to spend time immersed in nature for fresh air and sun which help with their body (eye, bone and lung) development, and many more benefits.</li> <li>• Bring children and families together at CCC as informal social gathering.</li> <li>• Meeting with other children and adults for social and mental wellbeing.</li> <li>• Better outcomes for community engagement.</li> <li>• Benefit all communities in City of Monash and beyond.</li> </ul> <p>A small change will make a big difference. If Clayton Community Centre playground is built, it will attract more families to attend Clayton Community Centre-based services. More families will join Active Monash services. CCC will become a more popular child-friendly community centre facility featured with future perspective. Numerous research findings indicated that outdoor playground is hugely important for children's growth, development, health and wellbeing (<a href="https://www.miracle-recreation.com/blog/why-are-playgrounds-important/?lang=can">https://www.miracle-recreation.com/blog/why-are-playgrounds-important/?lang=can</a>). Victorian state government set requirements that pre-schoolers should spend at least 180 minutes (3 hours) a day doing a variety of physical activities spread throughout the day, including active and outdoor play. The more the better (<a href="https://www.acecqa.gov.au/latest-news/blog/what-research-telling-us-about-childrens-physical-activity-early-years">https://www.acecqa.gov.au/latest-news/blog/what-research-telling-us-about-childrens-physical-activity-early-years</a>)</p> <p>As a long term resident in City of Monash, I submit this proposal as a personal lobbying for the best interest of the community achieving optimum cost effect outcomes. Parents and families are overwhelmingly support this proposal and they have sent me their letters of support and very keen for this initiative to happen. In addition, I have consulted with a number of Council staff and community services professionals and they see this proposal as a great idea and they are happy to provide their advice to advocate this proposal. We are lobbying this proposal for our children who cannot speak for themselves and their needs should be addressed. Please advise me if you need the written support information which are needed by the decision makers in City of Monash.</p> <p>Kind regards,</p>
--	--	--

14825 #2	Jul 20, 2023, 08:27 AM	A water park or like a small creek to play water in. A sensory garden +/- sensory footpath would be great! Scooter parks if space allows will be much loved too.
14664 #3	Jul 18, 2023, 01:02 PM	An all abilities playground would be very much appreciated. Wood chip is great for neurotypical kids but a safety hazard for neurodiverse kids and it's hard to access for people with mobility challenges (in wheelchairs or with walkers).  Facilities for all abilities can be used for years to come and everyone is included, people with disabilities, elderly, caters etc.
14363 #4	Jun 26, 2023, 12:03 PM	Install toilets for the Princes Hwy Reserve.
14325 #5	Jun 22, 2023, 11:12 PM	I would love it if playgrounds were more wheelchair accessible including pathways.  Suggestions include Liberty Swings, Sensory play areas and having fully accessible toilet and changing place facilities.
14277 #6	Jun 19, 2023, 08:55 PM	I would like to see: a bigger flying fox, swings for older children, Shade sails, big swirly slide, giant rocks for imagination play near a dry creek bed, nest swing, water play area.  I would also like a mini forest approximately two metres square with mixed native shrubs and trees.  Thank-you.
Facebook Submission #7	via Comms 18 July 2023	<i>[Facebook request to upgrade Fraser Street Reserve pocket playspace in Glen Waverley.]</i>  Please upgrade the play area at Fraser Street.  The one next to the child care centre.  Needs a sunshade and better outdoor equipment for the kids who play there.  Thanks.
